Docket No. CP2014-69

PUBLIC REPRESENTATIVE COMMENTS ON
POSTAL SERVICE NOTICE CONCERNING ADDITIONAL
GLOBAL EXPEDITED PACKAGE SERVICES 3
NEGOTIATED SERVICE AGREEMENT

(August 22, 2014)

The Public Representative hereby provides comments pursuant to Order No. 2154.¹ In that Order, the Commission established the above referenced docket to receive comments from interested persons, including the undersigned Public Representative, on a Postal Service Notice of filing an additional Global Expedited Package Services (GEPS) 3 agreement (Agreement).²

GEPS 3 agreements provide incentive pricing to small- or medium sized businesses that mail items to foreign destinations using Priority Mail Express International (PMEI), Priority Mail International (PMI), or both. Notice at 4. Prices may differ depending on the volume or postage commitments made by the customer. *Id.*

Prices and classifications not “of general applicability” for GEPS agreements were previously established by Governors’ Decision No. 08-7.³ In Order No. 86, the Commission established GEPS as a product in the competitive product list.⁴ The

Commission subsequently approved the addition of the GEPS 3 product to the competitive product list (MC2010-28), and included within that product a GEPS agreement (CP2010-71) that would serve as the baseline agreement for functional equivalence comparisons with future agreements.⁵ Since the addition of the GEPS 3 product to the competitive product list, the Commission has determined that many additional GEPS 3 agreements were functionally equivalent to the baseline agreement and should be included in the GEPS 3 (MC2010-28) product.

The Agreement is a new GEPS 3 agreement, although the mailer is currently a party to a GEPS—Non-Published Rates Version 2 agreement that is scheduled to expire on August 31, 2014. Notice at 3. Accordingly, the intended effective date of the Agreement is September 1, 2014. *Id.* The Agreement is to expire one calendar year after the effective date, or the last day of the month immediately following the one year period, unless terminated sooner. *Id.* The Postal Service states that the Agreement is functionally equivalent to the baseline agreement and is in compliance with the requirements of 39 U.S.C. § 3633. *Id.* The Postal Service therefore requests that the Agreement “be added to the GEPS 3 product grouping.” *Id.*

COMMENTS

The Public Representative has reviewed the Postal Service’s Notice, the Agreement, and supporting financial model filed under seal that accompanies the Notice. Based upon that review, the Public Representative concludes that this Agreement is functionally equivalent to the baseline agreement. In addition, it appears the negotiated prices in the Agreement should generate sufficient revenues to cover costs.

Functional Equivalence. The Postal Service asserts that the Agreement “shares similar cost and market characteristics . . . [and the] functional terms of the contract at issue are the same as those of the contract that is the subject of Docket No. CP2010-71, which serves as the baseline agreement for the GEPS 3 product grouping.” *Id.* at 3-

4. However, the Postal Service identifies differences between the Agreement and the GEPS 3 baseline agreement. *Id.* at 4-7. Most of these differences consist of changes similar to those included in other recent GEPS 3 agreements, or are specific to the customer (*i.e.*, customer name, address, and identification of customer's representative to receive notice). Notice at 4 through 7.

The Postal Service maintains that these differences do not affect either the fundamental service the Postal Service is offering or the fundamental structure of the Agreement. *Id.* at 7. The Public Representative agrees and concludes that the Agreement is functionally equivalent to the baseline agreement.

39 U.S.C. § 3633. Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service.

The Postal Service's financial model does not directly address whether the addition of the Agreement to the GEPS 3 product will result in the product as a whole covering costs as required by 39 U.S.C. § 3633(a)(2). However, the Postal Service's financial model indicates that the negotiated rates in the Agreement will generate sufficient revenues to cover its attributable costs. Therefore, its addition to the GEPS 3 product will not cause the product's cost coverage to fall below 100 percent—assuming the product currently covers its attributable costs.⁶ Under this assumption, the addition of the Agreement should allow the GEPS 3 product to continue to comply with 39 U.S.C. § 3633(a)(2), and should not result in competitive products as a whole being subsidized by market dominant products, in accordance with 39 U.S.C. § 3633(a)(1). Moreover, the GEPS 3 product should improve the likelihood that competitive products as a whole contribute an appropriate share to the Postal Service's institutional costs, consistent with 39 U.S.C. § 3633(a)(3).

⁶ The Commission recently determined that the GEPS 3 product covered costs. FY 2013 Annual Compliance Determination Report, March 27, 2014, at 81.

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
